AWARDED TO

**Tarini Samanta**

In recognition of your exceptional contribution related to your role in the success of

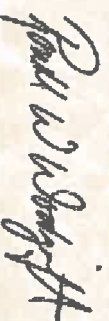

## Development of Aveir VR Leadless Pacing System

It is my pleasure to award to you the Abbott Cardiac Rhythm Management President's Award.

Congratulations on this outstanding achievement!

The President's Award program recognizes employees who have provided outstanding results to the Abbott Cardiac Rhythm business and who have performed above and beyond the call of duty. Such employees are recognized for their achievements in innovation, adaptability, initiative, leadership or financial/business impact. I am pleased to join your manager in recognizing your efforts and contributions toward the achievement of excellence in Vascular and continued outstanding performance for our company.

As we strive toward achieving our vision of becoming the world's leading Cardiac Rhythm care company, efforts such as yours make me even more confident of our future success.
