SINCE 1931

Cipriani's Promise

Cipriani restaurants offer a simple, elegant environment with two essential features: the customer must not feel oppressed by the décor and there has to be light. We only use the finest, purest ingredients and we do the simple things perfectly.

HERITAGE

To Serve is to Love

In 2001, Harry's Bar was declared a national landmark by the Ministry of Cultural Affairs. As a place of national interest for its pivotal role in twentieth-century Venice, it is the only establishment in Italy to have received such an accolade in the last 100 years.

Brunch in Downtown Miami

Located on the south side of the Miami river in Downtown northern Financial District, the restaurant offers panoramic views of Biscayne Bay and a chic nautical aesthetic inspired by the waterfront setting.
