

# Awakened 8 Masked forms

Each mask awakens at the moment their truth can't be hidden anymore. The Awakened 8 wear their masks not to hide, but to fight. Each form becomes a weapon against the Purge System, a rebellion born from memory and truth.

All members of the Awaken 8 fight under codenames, hidden identities created to protect them within the rebellion. Their codenames became symbols of who they truly are.

Jin Kasai = Remnant
